DENIAL OF STATE ENGINEER

This application is hereby denied on the grounds that:

1. There is insufficient water in the proposed source to support the applications.
2. No contracts with those who would place the water to beneficial use were demonstrated nor was any agency relationship with a municipality or other entity was demonstrated; therefore, the Applicant did not satisfy the requirements for demonstrating a need for the water under NRS §533.370(6).
3. No demonstration was made of the actual project to be constructed; therefore, no specific beneficial use of the water was identified.
4. No evidence was provided as to the amount of water reasonably required for any specific project.
5. To grant the applications under these conditions would thereby threaten to prove detrimental to the public interest.
